Dear Valued Customer,

As we do every two years, on January 1, 2025, we will be adjusting our prices for the BLOOMBERG TERMINAL service. Consistent with Bloomberg's historical practice, our price increase is linked to weighted global inflation for Bloomberg Terminal markets over the prior two-year period. We want to provide you with adequate notice to help in your planning process.

Existing subscriptions that renew on or before December 31, 2024 (and new Bloomberg Terminal subscriptions installed on or before the same date) will not see a price increase until their renewal date, as it occurs, in the following two years. Starting January 1, 2025, Bloomberg Terminal subscriptions will see a price increase of \$145 per month per subscription for client locations with multiple licenses, and a price increase of \$165 per month for client locations with a single license. When these increases take effect, they stay in place for two years. The average annual increase for the two-year term is 3.25%.

As always, we continue to invest in technology and talent to ensure we provide our customers with the highest quality products, services and support in the industry while adding enhanced capabilities.

As has been our custom, we give away the vast majority of our profits to charities around the world.

Thank you for being a Bloomberg customer.
